F195

The **F195** packs a lot of punch in a smaller package. The sports car of the bunch, the F195 shares most of the features that our larger models have in a more compact platform The **F195** has two of our large signature forward opening front rod boxes with a matching front storage box with a single lid to make storing tackle and gear easy. Great for a tournament angler, or for the everyday angler who likes to fish from the best; the **Falcon F195** is a lot of boat, in an affordable price range that everyone would love.

F195
